

# THE OIL AND GAS INDUSTRY IS HIRING. ARE YOU PREPARED?

To be more competitive for a job in the oil and gas industry, you need PEC Basic One-Day Orientation safety awareness training. This course covers both SafeGulf and SafeLand. PEC Basic will provide you with a general idea of the life and safety issues you should know before beginning work in the oil and gas industry. Upon successful completion of this course, **you will be issued a picture ID with a unique bar code.**

**APEC**  
PREMIER

## COURSE BENEFITS:

- SafeLand is the accepted STANDARD for safety orientation for the US upstream oil and gas industry
- Endorsed by major operators & contractors
- Photo ID with unique bar code is easily verified by potential employers
- Saves potential employers (and you) time and money
- Instructor-led orientation is SafeLand approved

## ABOUT THE INSTRUCTOR:

Wayne Vanderhoof, CSP, is the president of RJR Safety Inc. This safety consulting company, located in southwestern Pennsylvania, provides safety-related services to clients in the oil & gas industry, manufacturing/industrial industry, and the construction industry. Mr. Vanderhoof has more than twenty years of safety and health experience, including public safety and plant protection, petrochemical plant design, multi-disciplined engineering design companies, manufacturing companies and, most recently, oil and gas industry companies. Mr. Vanderhoof is nationally recognized as a Certified Safety Professional (CSP), is a Professional Member of the American Society of Safety Engineers (ASSE), and a member of Pennsylvania Independent Oil and Gas Association (PIOGA).

This is an ***ESSENTIAL*** course for any person who is new to the oil and gas industry and seeking employment.
