

## **Ashland County West Holmes C.C. Construction Programs Invitation**

Join us for our Fourth Annual Equipment Day. Ashland County West Holmes Career Centers Construction Technology and Building Trades Program have partnered to deliver our students hands-on, real-life, educational experience. This program is the first of its kind in the state of Ohio and we are proud to introduce these long-valued industry credentials to high school students. We are committed to technical education and career introduction which has provided the construction

industry with young trained, tested and dependable employees while providing our students with great paying careers right out of high school. We have found that this educational formula links the needs of construction industry employers to find qualified and credentialed employees with students who are ready to be productive members of society.

During your visit you will view high school students performing the training we have been developing and implementing around the JLG curriculum, inspired and supported by local industry partners to credential students on Aerial Work Platforms and Telehandler forklifts. Equipment Day is moving to Friday, giving more opportunity for our legislators to attend. This year we are again partnering with ACTE the Association of Career and Technical Educators. Also in attendance along with our legislators will be representatives of the Ohio Department of Education, and Industry partners.

**The date of this event is October 19th from 9:00 am-2:00.**

**Lunch is served at 12:00. During and after lunch there will be a presentation of the construction programs Also there will be an open forum discussion of concerns and issues pertaining to construction education, certifications and students entering the workforce. The location of the event is Ashland County West Holmes Career Center 1783 St. Rt. 60 Ashland** Our training ground is directly behind the school. Please RSVP by October 15th so that we may prepare for your tour. You may call us at 330-317-4300 or 740-398-4494 email us at [mcmillend@acwhcc.org](mailto:mcmillend@acwhcc.org) or [staatsj@acwhcc.org](mailto:staatsj@acwhcc.org)

Thank you for your interest and we look forward to seeing you at the Fourth Annual Equipment Day.

Construction Instructors,  
John Staats and Dave McMillen
